NOTICE OF PUBLIC HEARING

TO ALL INTERESTED PARTIES:

Notice is hereby given that on 30 January 2019, Applicants Antique Electric Cooperative, Inc. (ANTECO) and GNPower Mariveles Coal Plant Ltd. Co. (GMCP) filed an *Application* dated 10 January 2019, seeking the Commission's approval of their Power Purchase and Sale Agreement (PPSA), with motions for confidential treatment of information and issuance of provisional authority.

The pertinent allegations of the said *Application* are hereunder quoted as follows:

1. ANTECO is a non-stock, non-profit electric cooperative organized under Philippine laws, with principal office address at Brgy. Funda, San Jose de Buenavista, Antique. ANTECO

ERC CASE NO. 2019-006 RC
NOTICE OF PUBLIC HEARING/ 05 March 2019

currently distributes and provides electricity services to its member consumers in the Municipalities of Anini-y, Barbaza, Belison, Bugasong, Culasi, Dao, Hamtic, Lawa-an, Patnogan, San Jose, San Remegio, Sebaste, Sibalom, Tibiao and Valderama, all in the Province of Antique (the “**Franchise Area**”).

2. Copies of ANTECO’s Certificate of Registration, Articles of Incorporation, By-Laws, Certificate of Franchise, and Certification on the list of ANTECO’s Board of Directors are attached hereto as follows:

Annex	DOCUMENT
“A”	ANTECO’s Certificate of Registration issued by the National Electrification Administration (“NEA”)
“B”	ANTECO’s Articles of Incorporation
“C”	ANTECO’s Amended By-laws
“D”	ANTECO’s Certificate of Franchise issued by the NEA
“E”	Certification on the list of ANTECO’s Board of Directors

3. Meanwhile, GMCP is a duly registered limited partnership organized and existing under Philippine laws and is the project company established to engage in the business of developing, constructing, operating and owning a 2x316 MW (net) subcritical coal-fired power plant located in Barangay Alasasin, Municipality of Mariveles, Province of Bataan. Its principal office is at 28th Floor, The Orient Square, Don Francisco Ortigas Jr. Road, Ortigas Center, Pasig City. Copies of GMCP’s Certificate of Registration, Amended Articles of Limited Partnership, Certification on Partnership Agreement, and GNPower Project Companies Profile are attached hereto as follows:

Annex	DOCUMENT
“F”	GMCP’s Certificate of Registration issued by the Securities and Exchange Commission (“SEC”)
“G”	GMCP’s Amended Articles of Limited Partnership registered with the SEC as of 31 August 2018
“H”	Certification on Partnership Agreement <i>(subject of the Motion for Confidential Treatment)</i>
“I”	GNPower Project Companies Profile

4. The Applicants may be served with this Honorable Commission’s orders, notices, and other legal processes through the respective addresses of the undersigned counsels.

5. By and pursuant to *Sections 25, 43(u), and 45(b) of Republic Act No. 9136*, otherwise known as the *Electric Power Industry Reform Act of 2001* (“**EPIRA**”), and its *Implementing Rules and Regulations*, this *Application* is respectfully submitted to the Honorable Commission for its due consideration and approval of the Power Purchase and Sale Agreement (the “**PPSA**”), executed

by and between ANTECO and GMCP, a copy of which is attached hereto as **Annex “J”**.

I. STATEMENT OF FACTS

6. Based on its supply-demand forecast, ANTECO’s peak demand in 2020 is 26MW, with an annual average growth rate of 3.9%. Therefore, its demand is expected to increase to 48MW in 2037. Copies of the following documents are attached hereto:

ANNEX	DOCUMENT
“K”	ANTECO’s Historical, Actual and Forecasted Supply-Demand Scenario from 2016-2037
“L”	ANTECO’s Average Daily Load Curve (November 2018 Billing Period)
“L-1”	ANTECO’s Average Daily Load Curve (Contract Year 2017)
“L-2”	ANTECO’s Forecasted Average Daily Load Curve (Contract Year 2020)

7. Given this, it is necessary for ANTECO to address the potential deficiency in its power supply due to the increasing demand of its Franchise Area.

8. Accordingly, ANTECO, along with Iloilo I Electric Cooperative, Inc. (“**ILECO I**”), Iloilo II Electric Cooperative, Inc. (“**ILECO II**”) and Iloilo III Electric Cooperative, Inc. (“**ILECO III**”); collectively with ILECO II and ILECO III, the “**Panay ECs**”), created the Panay - Guimaras Power Supply Consortium (“**PGPSC**”), an association composed of the Panay ECs’ represented by their respective General Managers and Board Presidents, which shall facilitate the collective procurement of power supply for the Panay ECs through a competitive selection process (“**CSP**”), among others. Consequently, PGPSC formed a Technical Working Group (“**TWG**”), which conducted the CSP based on the least cost power supply plan for the ECs, detailed evaluation of the bids, and identification of the least cost supplier.

9. On 08 January 2016, ANTECO identified and approved its projected power supply requirements for 2019, which were endorsed to the PGPSC for CSP pursuant to Resolution No. 05-16 Series of 2016.

10. Accordingly, PGPSC conducted the Joint Competitive Power Supply Procurement (“**JCPSP**”) where the winning bidder shall supply the (a) baseload power requirements of (i) ANTECO and ILECO III for a maximum of twenty (20) years and (ii) ILECO II for a maximum of ten (10) years, starting in 2018 and 2020, respectively, and (b) peaking power requirements of ILECO I for a maximum of five (5) years starting in 2018.

11. The JCPSP was conducted as follows:

11.1 On 22 and 29 November 2016, PGPSC published an Invitation to Bid for Power Supply Contract

- for 9.5MW (2018-2022) peak load and 6MW (2018-2037) base load requirements in Philippine Star and Philippine Daily Inquirer. In addition, PGPSC also sent individual invitations to potential suppliers through electronic mail.
- 11.2 GMCP, along with Aboitiz Power Corporation ("**Aboitiz Power**"), CleanTech Global Renewables, Inc. ("**CleanTech**"), Energy Development Corporation ("**EDC**"), Global Business Power Corporation ("**GBPC**"), Mindoro Grid Corporation ("**MGC**"), Panay Energy Development Corporation ("**PEDC**"), Panay Power Corporation ("**PPC**"), Phinma Energy, Inc. ("**Phinma Energy**"), SMC Global Power Holdings Corporation ("**SMC Global**"), Solar Philippines Renewable Energy Projects, Inc. ("**Solar Philippines**"), Salcon Island Power Corporation ("**SIPC**"), Vis Solis Philippines, Inc. ("**Vis Solis**"), and Vivant Corporation ("**Vivant**"), expressed their intent to join the JCPSP and were provided with a copy of the Instruction to Bidders. In order to clarify and discuss the selection process, requirements, rules, and evaluation methods, a bidding conference was held on 23 January 2017.
- 11.3 On 30 January 2017, PGPSC issued Supplemental/Bid Bulletin No. 1 dated 24 January 2017 and the minutes of the bidding conference held on 23 January 2017. Subsequently, PGPSC issued Bid Bulletin No. 2 dated 01 February 2017, which extended the submission and opening of bids. Finally, on 10 February 2017, PGPSC issued Bid Bulletin No. 3 dated 10 February 2017, which updated the reference on Fuel Inflation Rate, WESM price for base and peak load, and node for line rental computation.
- 11.4 On 16 February 2017, seven (7) companies submitted bids, namely, GMCP, SIPC, MIGC, PEDC, GBPC, Solar, and SMC Global. GMCP, in particular, submitted a bid for the baseload power requirements of the Panay ECs.
- 11.5 PEDC, GBPC, Solar, and SMC Global were disqualified for failing to comply with the bid requirements and rules under the Final Instruction to Bidders dated 09 December 2016. Thus, only the bids from GMCP, SIPC, and MGC were opened.
- 11.6 On 30 March 2017, PGPSC submitted a letter requesting for clarification on GMCP's levelized

price offer for the baseload supply of the Panay ECs. In response thereto, GMCP presented a step-by-step computation of bid to the TWG on 7 April 2017 to prove that GMCP's offer is the most advantageous for the Panay ECs.

11.7 After the presentation and the conduct of post qualification evaluation on 28 July 2017, the TWG released the final evaluation for the baseload and peak load requirements of the Panay ECs, including ILECO I, and determined that GMCP offered the lowest calculated responsive bid ("**LCRB**") for the baseload supply of the Panay ECs.

11.8 On 05 September 2017, PGPSC declared GMCP as the bidder with the LCRB for the power supply procurement of the Panay ECs and recommended the awarding of the contract for the Panay ECs' baseload requirements to GMCP as per PGPSC Resolution No. 13 Series of 2017. Consequently, ANTECO issued Resolution No. 122-17 Series of 2017 dated 09 September 2017 authorizing the issuance of the award to GMCP.

11.9 Accordingly, ANTECO issued the Notice of Award to GMCP on 18 October 2017.

12. Subsequently, the signing of the PPSA was deferred in light of the Panay ECs processing of its post-CSP requirements in compliance with relevant government regulations.

13. Eventually, GMCP and ANTECO executed the PPSA on 19 September 2018.

14. Copies of the documents relative to the CSP are attached hereto as follows:

II. ABSTRACT OF THE PPSA AND OTHER RELATED INFORMATION

15. The following are the salient features of the subject PPSA:

- A. **Term of Agreement.** The PPSA shall be effective on the date of its execution and shall terminate after two hundred sixteen (216) billing periods from the date specified in the Commencement Date Notice.¹
- B. **Source of Supply.** GMCP shall make available, sell, and deliver or cause to be delivered to ANTECO the Product² at the Delivery Point, whether sourced from GMCP’s facility or from other electricity generators, including the Wholesale Electricity Spot Market (“WESM”).
- C. **Contracted Capacity.** ANTECO is contractually entitled to source from GMCP, at any hour, subject to GMCP’s Available Capacity (as defined in the PPSA) for such hour, the Contracted Capacity (as set forth in Schedule 1 of the PPSA), as follows:

Year	Contracted Capacity (kW)
1	2,000
2	2,000
3	2,000
4	2,000
5	2,000
6	2,000
7	2,000
8	2,000
9	2,000
10	2,000
11	2,000
12	2,000
13	2,000
14	2,000
15	2,000

¹ Section 1.3, Schedule 1. Contracted Capacity, Contract Price and Terms of Agreement, PPSA, page 29

² Refers to Electric Capacity, contracted on a variable Capacity Utilization Factor basis, together with energy, as specified in Schedule 1 of the PPSA, as the context requires, or as otherwise agreed by the Parties. (Section 1.1, Article 1. Definitions and Interpretations, PPSA, page 8)

16	2,000
17	2,000
18	2,000

C.1. Option to Increase Contracted Capacity. Section 3.7 of the PPSA provides that upon written notice to GMCP, ANTECO may, upon approval by GMCP, increase its Contracted Capacity which increase shall be subject to the same terms and conditions contained in the PPSA. In considering whether or not to approve the request for increase in Contracted Capacity, GMCP may take into consideration the capacity available for such increase from its facility in its sole opinion, and/or the willingness of any other buyer to assign its Contracted Capacity. Such increase in Contracted Capacity shall be effective on the date GMCP gives its written approval.

D. Contract Price. The Contract Price shall be composed of Capacity Price and Energy Price.

D.1. The *Capacity Fee* is the component of the Contract Price allocated to pay for the cost as well as the operations and maintenance of the power plant and is designated as the Capacity Fee in *Schedule 1* of the PPSA, as such may be adjusted from time to time based on the Capacity Utilization Factor (“CUF”).³

The CUF shall be computed as follows:

$$\text{CUF} = \frac{Q}{\text{CC} \times (\text{H}_T - \text{EH}_{\text{TO}})}$$

Where:

- Q** = Quantity as defined in Section 1.1 of the PPSA
- CC** = Contracted Capacity, in kW, as set forth in Schedule 1
- H_T** = Total number of hours in such Billing Period
- EH_{TO}** = The sum of the duration, in Equivalent Hours, of Scheduled Outages and Unscheduled Outages in such Billing Period

D.2. The *Energy Fee* is the component of the Contract Price allocated to pay for the

³ Section 1.2.1, Schedule 1. Capacity Fee, PPSA, page 29

coal, including Government Charges, designated as the Energy Fee in *Schedule 1* of the PPSA, as adjusted from time to time due to changes in the delivered price of coal. The Energy Fee shall be computed in accordance with the following formula:

$$\text{Energy Fee} = \frac{\text{IEF} \times (\text{CIF}_n - \text{CIF}_o)}{\text{CIF}_o}$$

Where:

IEF = Initial Energy Fee
CIF_n = CIF Cost of Fuel for Billing Period *n*
CIF_o = Base CIF Cost of Fuel

- E. **Discounts.** ANTECO is eligible for discounts as provided in Section 5.3 (c) of the PPSA; and
- F. **Scheduled and Unscheduled Outage.** Pursuant to Section 3.2 of the PPSA, GMCP is allowed to have Scheduled Outages not to exceed seven hundred twenty (720) Equivalent Hours for each Contract Year, during which times reduced or no deliveries will be available to ANTECO. Likewise, GMCP is allowed to have Unscheduled Outages not to exceed five hundred four (504) Equivalent Hours for each Contract Year during which times reduced or no deliveries will be available to ANTECO;

III. ADVANTAGES OF GMCP'S SUPPLY OF POWER AND IMPACT ON ANTECO'S OVERALL RATES

16. The Applicants signed the PPSA as a response to the growing power demand of ANTECO and its member-consumers, which its current providers may not be able to supply for the coming years.

17. After careful evaluation, GMCP's rate proved to be more reasonable and competitive among the qualified bidders. Moreover, the Capacity Factor Pricing under the PPSA provides flexibility for ANTECO in the utilization of its Contracted Capacity.

18. The additional supply from GMCP assures the adequate and reliable power service, as well as, the reduction of the risk of price volatility of power for ANTECO member-consumers.

19. In fact, the simulated impact of the generation rate offered by GMCP shows a **reduction of PhP 0.0679 per kWh**, to wit:

20. Aside from the lower generation cost, ANTECO is also entitled to discounts as provided in the PPSA, subject to certain conditions. In line with this, the proposed rate in the subject PPSA becomes even more competitive.

21. In support of the instant *Application* for the approval of the PPSA, the Applicants respectfully submit the following documents to the Honorable Commission:

“MM”	Certification/ Affidavit of Service for Sangguniang Bayan of Mariveles

b. Affidavit of Publication stating that the *Application* was published in a newspaper of general circulation within the Franchise Area and/or area of its principal operation of the Applicants, attached herewith as **Annex “NN”**; and

c. Complete newspaper issue where the *Application* was published, attached herewith as **Annex “NN-1”**, and the relevant page thereof where the *Application* appeared, as **Annex “NN-2”**.

V. MOTION FOR CONFIDENTIAL TREATMENT OF ANNEXES “H”, “M-22”, “M-24”, “M-26”, “M-28”, “M-29”, “M-30”, “M-33”, “S”, “S-1”, “S-2” and “T”

24. Under *Rule 4 of the ERC Rules of Practice and Procedure*, a party to any proceeding before the Honorable Commission may request that certain information should not be

disclosed and be treated as confidential, by describing with particularity the information to be treated as confidential, specifying the ground for the claim of confidential treatment of the information and, if applicable, specifying the period during which the information must not be disclosed.

25. In connection with the foregoing, ANTECO respectfully requests for the confidential treatment of Annexes “M-22”, “M-24”, “M-26”, “M-28”, “M-29”, “M-30”, and “M-33” hereof. These annexes show the individual offers of the bidders which participated in the JCPSP. The Panay ECs, which include ANTECO, are bound by their undertaking that the offers and the proposed terms of supply are secured and are kept in confidence in order not to prejudice or pre-empt any future CSPs in which these bidders will participate. Otherwise, ANTECO, and the rest of the Panay ECs, may be held liable for damages for breach of confidentiality, and eventually, risk their good relations with the suppliers concerned.

26. Similarly, GMCP most respectfully moves for the confidential treatment of Annexes “H”, “S”, “S-1”, “S-2”, and “T” hereof. These annexes, which are exclusively owned by GMCP, contain documents that are considered part of its business and trade secrets. As such, GMCP has the sole proprietary interest and will be unduly prejudiced should they be disclosed to the public.

27. These annexes contain numbers, data, formula, methodology, and calculations involving valuable and sensitive commercial, financial and technological information reflecting GMCP’s business operations and financial trade secrets. Therefore, the disclosure of GMCP’s confidential, proprietary, and private information included in the aforesaid annexes should be protected from public dissemination. Otherwise, such information can be illegally and unfairly utilized by business competitors who may use the same for their own private gain and to the irreparable prejudice of GMCP. Negotiations with prospective customers may also be affected.

28. The information contained in Annexes “H”, “M-22”, “M-24”, “M-26”, “M-28”, “M-29”, “M-30”, “M-33”, “S”, “S-1”, “S-2”, and “T”, constitute “trade secrets”, for which GMCP and the Panay ECs have actual and valuable proprietary interest. As explained by the Supreme Court, a trade secret may consist of any formula, pattern, device, or compilation of information that is used in one’s business and gives the employer an opportunity to obtain an advantage over competitors who do not possess the information.⁵ It is indubitable that trade secrets constitute proprietary rights and jurisprudence has consistently acknowledged the private character of trade secrets.⁶ Further, as ruled in *Garcia vs. Board of Investments*,⁷ trade secrets and confidential, commercial and financial information are *exempt* from public scrutiny;

⁵ Air Philippines Corporation vs. Pennswell Inc., G.R. No. 172835, December 13, 2007.

⁶ *Ibid.*

⁷ 177 SCRA 374 (1989).

29. It is respectfully submitted that the aforementioned Annexes must be accorded confidential treatment. As such, they are to be used *exclusively* by the Honorable Commission and for the sole purpose of evaluating this *Application*, thereby protecting these data from unnecessary public disclosure;

30. In accordance with *Section 1(b), Rule 4 of the ERC Rules of Practice and Procedure*, Applicants hereby submit (i) one (1) copy each of Annexes “H”, “M-22”, “M-24”, “M-26”, “M-28”, “M-29”, “M-30”, “M-33”, “S”, “S-1”, “S-2”, and “T” contained in a sealed envelope, with the envelope and each page of the documents stamped with the word “*Confidential*” and (ii) Annex “S” contained in a compact disk (“CD”) enclosed in the same sealed envelope, with the face of the CD stamped with the word “*Confidential*”.

VI. MOTION FOR THE ISSUANCE OF PROVISIONAL AUTHORITY

31. All the foregoing allegations are herein re-pleaded by reference in support of the instant *Motion* for the issuance of provisional authority.

32. Pursuant to *Section 3 Rule 14 of the ERC Rules of Practice and Procedure (provided below)*, the Applicants ANTECO and GMCP move for the issuance of a Provisional Authority or interim relief pending the Honorable Commission’s final decision on this *Application*:

“Section 3. Action on the Motion. – Motions for provisional authority or interim relief may be acted upon with or without hearing. The Commission shall act on the motion on the basis of the allegations of the application or petition and supporting documents and other evidences that applicant or petitioner has submitted and the comments or opposition filed by any interested person, if there be any.” [Emphasis Ours]

33. Moreover, the Applicants would like to bring to the attention of the Honorable Commission that based on the DOE 2016-2040 Luzon and Visayas Grids Supply-Demand Outlook, Luzon’s peak demand in 2017 is 9,870MW with an Annual Average Growth Rate (“AAGR”) from 2016 to 2040 of 4.79% while Visayas’ Peak Demand is 1,997MW with AAGR from 2016 to 2040 of 6.87%. Therefore, Luzon’s peak demand is expected to increase to 11,451MW in 2020, and to 18,432MW by the year 2030 and for Visayas, 2,465MW in 2020 and 4,765MW in 2030. This electricity demand growth has led to DOE’s call for planning and investments in the power sector.

34. Notably, the baseload demand of ANTECO, which increases at an average rate of 3.9% per year, contributes to the demand growth of the Luzon and Visayas Grid. By contract year

2020, it is projected that ANTECO's existing power suppliers will not be able to meet the power needs of its member consumers, which is expected to have increased to 26MW.

35. In view of ANTECO's increasing demand growth, there is a need for immediate issuance of a Provisional Authority in time for the implementation of the PPSA as any delay in the implementation shall expose ANTECO to supply risk and unstable market prices. Also, the approval of the PPSA guarantees the satisfaction of its power needs, without compromising the reasonableness of the generation rate to be passed on to its member-consumers.

36. To emphasize the necessity of the provisional approval of this Application, a copy of the Judicial Affidavit of Engr. Ludovico D. Lim in support of the Motion for Provisional Authority is attached hereto as **Annex "OO"**.

37. In view thereof, and in recognition of the fact that a substantial amount of time is customarily needed to evaluate the documents submitted to support the approval of herein *Application*, Applicants ANTECO and GMCP respectfully seek the kind consideration of the Honorable Commission to approve the instant *Application*, immediately, albeit, provisionally, at the soonest opportune time.

PRAYER

WHEREFORE, premises considered, it is most respectfully prayed of the Honorable Commission that (i) all information set forth in **Annexes "H", "M-22", "M-24", "M-26", "M-28", "M-29", "M-30", "M-33, "S", "S-1", "S-2", and "T"** to the instant *Application* be treated as confidential; (ii) pending hearing on the merits, a Provisional Authority be **DULY ISSUED** authorizing the immediate implementation of the subject PPSA, including the rate structure therein, as applied; and that after due notice and hearing, the instant *Application*, the PPSA, and the rate structure contained therein be **DULY APPROVED**.

Further, in the event that a Final Authority shall be issued after GMCP starts the actual delivery of power to ANTECO under the terms of the subject PPSA, said Final Authority shall be retroactively applied to the date of such actual delivery.

Other reliefs as may be just and equitable under the premises are, likewise, most respectfully prayed for.

(This space was intentionally left blank.)

The Commission has set the *Application* for determination of compliance with the jurisdictional requirements, expository presentation, pre-trial conference, and evidentiary hearing on **16 April 2019 (Tuesday) at ten o'clock in the morning (10:00 A.M.) at ANTECO's Principal Office at Barangay Funda, San Jose de Buenavista, Antique.**

All persons who have an interest in the subject matter of the instant case may become a party by filing with the Commission a verified Petition to Intervene at least five (5) days prior to the initial hearing and subject to the requirements under Rule 9 of the 2006 Rules of Practice and Procedure, indicating therein the docket number and title of the case and stating the following:

- 1) The petitioner's name and address;
- 2) The nature of petitioner's interest in the subject matter of the proceeding and the way and manner in which such interest is affected by the issues involved in the proceeding; and
- 3) A statement of the relief desired.

All other persons who may want their views known to the Commission with respect to the subject matter of the case may file their Opposition or Comment thereon at any stage of the proceeding before Applicants rest their case, subject to the requirements under Rule 9 of the 2006 Rules of Practice and Procedure. No particular form of Opposition or Comment is required, but the document, letter, or writing should contain the following:

- 1) The name and address of such person;
- 2) A concise statement of the Opposition or Comment; and
- 3) The grounds relied upon.

All such persons who wish to have a copy of the *Application* may request from Applicants that they be furnished with the same, prior to the date of the initial hearing. Applicants are hereby directed to furnish all those making such request with copies of the *Application* and its attachments, subject to the reimbursement of reasonable photocopying costs. Any such person may likewise examine the *Application* and other pertinent records filed with the Commission during the standard office hours.

WITNESS, the Honorable Chairperson and CEO **AGNES VST DEVANADERA** and the Honorable Commissioners **ALEXIS M. LUMBATAN**, **CATHERINE P. MACEDA** and **PAUL CHRISTIAN M. CERVANTES**, Energy Regulatory Commission, this 05th day of March 2019 in Pasig City.

JOSEFINA PATRICIA A. MAGPALE- ASIRIT
