

Republic of the Philippines
ENERGY REGULATORY COMMISSION
San Miguel Avenue, Pasig City

IN THE MATTER OF THE APPLICATION FOR AUTHORITY TO DEVELOP, OWN AND/OR OPERATE DEDICATED POINT-TO-POINT LIMITED TRANSMISSION FACILITIES TO CONNECT THE ±20MW LIMAY BATTERY ENERGY STORAGE SYSTEM TO THE LUZON GRID VIA THE LAMAO 230KV SUBSTATION OF THE NATIONAL GRID CORPORATION OF THE PHILIPPINES, WITH PRAYER FOR PROVISIONAL AUTHORITY AND CONFIDENTIAL TREATMENT OF INFORMATION

ERC CASE NO. 2020-008 MC

**UNIVERSAL POWER SOLUTIONS, INC. (UPSI),
Applicant.
x ----- x**

**Promulgated:
September 1, 2020**

ORDER

On 01 July 2020, the Universal Power Solutions, Inc. (UPSI) filed an *Application* seeking the Commission’s approval of its authority to develop, own and/or operate a dedicated point-to-point limited transmission facilities to connect the ±20MW Limay Battery Energy Storage System to the Luzon Grid via the Lamao 230 kV substation of the National Grid Corporation of the Philippines (NGCP), with prayer for provisional authority and confidential treatment of information.

The pertinent portions of the said *Application* are hereunder quoted as follows:

1. UPSI (formerly, Limay Power Generation Corporation or “LPGC”) is a corporation duly organized and existing by

virtue of and under the laws of the Republic of the Philippines, with principal office address at 40 San Miguel Avenue, Mandaluyong City, Metro Manila, Philippines.

*Copies of LPGC's Certificate of Incorporation, UPSI's Certificate of Filing of Amended Articles of Incorporation, Amended Articles of Incorporation, Amended By-Laws, and latest General Information Sheet, are attached hereto and made integral parts hereof as **Annexes "A," "B," "C," "D," and "E,"** respectively.*

2. UPSI may be served orders and other processes through the undersigned counsel.

NATURE OF THE APPLICATION

3. This Application is submitted to this Honorable Commission pursuant to Section 9(f) of Republic Act No. 9136 otherwise known as the *Electric Power Industry Reform Act of 2001* ("**EPIRA**"), Rule 5, Section 5(a)(i) of the EPIRA Implementing Rules and Regulations, and Section 4.2 of Resolution No. 23 Series of 2016 or the *Resolution Adopting Amended Rules on the Definition and Boundaries of Connection Assets for Customers of Transmission Providers* for its consideration and approval of UPSI's proposed development, ownership, and operation of interconnection facilities which shall connect the ±20mw Limay Battery Energy Storage System ("**Limay BESS**") to the Luzon Grid via direct connection to the Lamao 230kV Substation of the National Grid Corporation of the Philippines ("**NGCP**") (the "**Dedicated Facility Project**").

*A copy of the Secretary's Certificate authorizing the construction and operation of the Dedicated Facility Project, as well as the filing of the instant Application and appointing the authorized representative/s therefor is attached hereto and made an integral part hereof as **Annex "F."***

STATEMENT OF FACTS

4. UPSI is a wholly-owned subsidiary of SMC Powergen Inc., and is authorized to engage in the business of producing, generating and storing electricity and processing fuels alternative for power generation.
5. Pursuant to its primary purpose, UPSI is engaged in the development, construction, operation and ownership of the Limay BESS, which is targeted to commence commercial operation by 6 July 2021 and is intended to provide ancillary services to NGCP as a Regulating Reserve for the Luzon Grid.

Copies of UPSI's letter dated 7 May 2020 addressed to the Department of Energy requesting for confirmation that the Limay BESS is consistent with the Power Development Plan, Project Description of the Limay BESS, Project Rationale,

*summary of relevant dates indicating the dates of start and completion of construction, testing and commissioning, and commercial operations of both the Limay BESS and Dedicated Facility Project, as well as the Environmental Compliance Certificate for the Limay BESS and the Dedicated Facility Project issued by the Department of Environment and Natural Resources are attached hereto and made integral parts hereof as **Annexes “G,” “H,” “H-1,” “I,” “J,” and “J-1,”** respectively.*

6. On 7 May 2020, UPSI submitted a letter to the DOE requesting for the processing of the Certificate of Endorsement as a requirement for the issuance of the Certificate of Compliance by the ERC. On 27 May 2020, the DOE requested UPSI to submit several documents for the processing of the Certificate of Endorsement, including a Certification/Acknowledgment from NGCP that the Limay BESS have an on-going Ancillary Services Procurement Agreement (“**ASPA**”) application with NGCP.
 - 6.1. However, we note that as opposed to a Power Supply Agreement which may entered into while the generating plant of the supplier is still being constructed, NGCP requires that the generating plant of an Ancillary Service Provider be certified as capable of providing Ancillary Services. Such certification may only be obtained after the generating plant’s construction is completed and the same is tested by the NGCP.
 - 6.2. UPSI therefore endeavors to submit a copy of the DOE Certificate of Endorsement as soon as the construction of the Limay BESS is completed and it receives the certification from the NGCP that the Limay BESS is capable of providing Ancillary Services.

*A copy of the DOE Letter dated 27 May 2020 is attached hereto and made an integral part hereof as **“Annex K.”***

7. In order to test, commission and dispatch electricity from the Limay BESS, UPSI shall develop and construct a dedicated point-to-point facility which will connect the Limay BESS to the Lamao 230kV Substation of NGCP.
 - 7.1. The Limay BESS shall connect to the Luzon Grid through a direct connection to the Lamao 230kV Substation via an approximately 500-meter connection line and shall utilize 1-795 MCM Aluminum Conductor Steel Reinforce (ACSR) conductor.
*A copy of the Project Description and Single Line Diagram of the Dedicated Facility Project are attached hereto and made integral parts hereof as **Annexes “L” and “M,”** respectively.*

7.2. The estimated cost of the construction of the Dedicated Facility Project is **PHP246,000,000.00** with the following major cost components:

<p>A. Supply of materials, labor, equipment supervision for complete installation, testing and commissioning of the NGCP Lamao Substation and BESS Substation with the following sub-components:</p> <ol style="list-style-type: none"> 1. Substation Equipment and Materials; 2. Protection, Control & Communication Equipment; 3. Civil Works; and 4. Substation Protection System; 	184,506,385.30
<p>B. Supply of materials, labor, equipment supervision for complete installation, testing and commissioning of the Transmission Line</p>	61,493,614.70
TOTAL COST	PHP 246,000,000.00

*A copy of the detailed breakdown of the Dedicated Facility Project Cost Estimate is attached hereto and made an integral part hereof as **Annex “N.”***

7.3. The Dedicated Facility Project will be exclusively funded by UPSI and will, therefore, not impact any regulated charges.

8. UPSI respectfully submits that the Dedicated Facility Project is the only viable option for connecting the Limay BESS in view of its proximity to the Lamao 230kV Substation. In the System Impact Study (“**SIS**”), NGCP recommended that the Limay BESS shall connect to the Lamao 230kV Substation via a 400-meter connection line and utilizing 1-795 MCM ACSR conductor. The Dedicated Facility Project is the most cost-effective and viable option for the immediate connection of the Limay BESS.

8.1. The construction of the Dedicated Facility Project, including civil and electromechanical works, may be completed in approximately five and a half (5 1/2) months.

*Copies of the Conceptual Engineering Design and Drawing, and the Gantt Chart for the construction of the Dedicated Facility Project are attached hereto and made integral parts hereof as **Annexes “O” and “O-1,”** respectively.*

9. The Dedicated Facility Project shall be constructed by Energy & Building Applications Technologies Corporation (“**EBATECH Corp.**”) as the contractor of UPSI.

*A copy of the Company Profile of EBATECH Corp. and matrix of its ongoing and completed projects is attached hereto and made an integral part hereof as **Annex “P.”***

10. In September 2019, the NGCP performed a SIS to determine the impact of connecting the Limay BESS to the Luzon Grid and evaluate the technical feasibility of the Dedicated Facility Project. The connection of the Limay BESS to the Luzon Grid was found to be technically feasible through the Dedicated Facility Project.

*Copies of the SIS and NGCP’s SIS Final Review Report dated 24 October 2019 are attached hereto and made integral parts hereof as **Annexes “Q” and “Q-1,”** respectively.*

- 10.1. UPSI also engaged Power System Research and Consultancy Group to conduct the Interconnection Facilities Study (“**Facilities Study**”) to ensure that the equipment to be installed will satisfy the recommendation of the SIS, and that the Dedicated Facility Project complies with the provisions of the Philippine Grid Code.

*Copies of the Facilities Study and NGCP’s Review Report on the Facilities Study dated 17 January 2020 are attached hereto and made integral parts hereof as **Annexes “R” and “R-1,”** respectively.*

11. The Limay BESS has been considered in NGCP’s Transmission Development Plan. In a Certification dated 22 May 2020, NGCP has confirmed the inclusion of the Limay BESS in the formulation of the 2020-2040 Transmission Development Plan.

*Copies of the Certification from NGCP dated 22 May 2020, and the relevant extract of the consultative draft of the Transmission Development Plan for 2020-2040 showing the inclusion of the Limay BESS as a prospective power plant¹ are attached hereto and made integral parts hereof as **Annexes “S,” and “S-1,”** respectively.*

12. NGCP and UPSI are currently in the process of finalizing the terms of their Connection Agreement, for the interconnection of the Limay BESS to the Luzon Grid through the Dedicated Facility Project.

*A copy of NGCP Certification dated 1 June 2020 attesting to the fact that NGCP and UPSI are in the process of negotiating and finalizing the terms of the Connection Agreement is hereto attached and made an integral part hereof as **Annex “T.”***

¹ The inclusion of Limay BESS in the Transmission Development Plan is under the name of Limay Power Generation Corporation, the previous name of UPSI.

13. Upon completion of the Dedicated Facility Project and the commercial operation of the Limay BESS, UPSI intends to engage NGCP for the operation, service, and maintenance (O&M) services of the Dedicated Facility Project.

*A copy of the NGCP Letter dated 18 May 2020 stating that NGCP is currently processing the Memorandum of Agreement for the operations and maintenance of the Dedicated Facility Project is hereto attached and made an integral part hereof as **Annex “U.”***

14. As of date, UPSI has secured or is in the process of securing the necessary permits, licenses and authority from the appropriate regulatory agencies for the Dedicated Facility Project.

*A copy of the sworn statement of UPSI’s authorized representative dated 28 May 2020, attesting to the fact that UPSI obtained all the necessary permits from all concerned agencies that may have an interest in the Dedicated Facility Project is hereto attached and made an integral part hereof as **Annex “V.”***

15. In light of the foregoing, UPSI respectfully seeks the confirmation and approval of the Honorable Commission that the Dedicated Facility Project is the most viable option for the connection of the Limay BESS to the Luzon Grid.

**ALLEGATIONS IN SUPPORT OF
PRAYER FOR PROVISIONAL AUTHORITY**

16. In order to provide ancillary services as a regulating reserve to the Luzon Grid in 2021, there is a need for UPSI to commence operations in 2021. Needless to state, the construction of the Dedicated Facility Project is a pre-requisite for the testing and commissioning, and ultimately, the commercial operations of the Limay BESS. A provisional authority is thus urgently needed to enable UPSI to achieve the target commercial operations date of the Limay BESS by July 2021 and provide ancillary services to the Grid.

*A copy of the Affidavit executed by UPSI’s authorized representative in support of the prayer for issuance of provisional authority is hereto attached and made an integral part hereof as **Annex “W.”***

17. Considering the foregoing, UPSI submits that there is clear and sufficient basis for the issuance of a provisional authority for the development, ownership, and operation of the Dedicated Facility Project by UPSI to connect the Limay BESS to the Luzon Grid, pending the Honorable Commission’s issuance of a final decision on the instant Application.

ALLEGATIONS IN SUPPORT OF

CONFIDENTIAL TREATMENT OF INFORMATION

16. UPSI respectfully manifests that Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” of the instant Application contain valuable, non-public information, and data and insight, and be treated as confidential. These confidential documents contain commercially sensitive information which, if disclosed to the public, might adversely affect UPSI’s competitiveness in future projects. It is therefore submitted that Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” fall within the bounds of proprietary “trade secrets” which are confidential in nature and entitled to protection from disclosure under the Constitution, statues, and rules and regulations of this Honorable Commission.
17. Rule 4 of the ERC Rules of Practice and Procedure states that the Honorable Commission may, upon request of a party and determination of the existence of conditions which would warrant the remedy, treat certain information submitted to it as confidential. Pursuant to this provision, UPSI respectfully requests for the issuance of a protective order declaring the documents attached as Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” of this Application as confidential information, as the Applicant intends to present them as evidence in the instant Application.
18. Considering the confidential nature of these documents, UPSI respectfully requests that said annexes not be disclosed to third parties and the public and be treated as confidential documents. In accordance with Section 1(b), Rule 4 of the ERC Rules of Practice and Procedure, UPSI hereby submits one copy of Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” in a sealed envelope, with the envelope and each page of the documents stamped with the word “Confidential”.
19. The data contained in Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” attached to this Application constitute “trade secrets” of UPSI; thus, UPSI has actual and valuable proprietary interest to protect with respect to such information. The Supreme Court, in the case of *Air Philippines Corporation vs. Pennswell, Inc.*, had the opportunity to discuss the definition of “trade secrets” and the great extent to which the same are protected under our laws. The Supreme Court defined the term “trade secret” as follows:

“A trade secret is defined as a plan or process, tool, mechanism or compound known only to its owner and those of his employees to whom it is necessary to confide it. The definition also extends to a secret formula or process not patented, but known only to certain individuals using it in compounding some article of trade having a commercial value. **A trade secret may consist of any formula, pattern, device, or compilation of information that: (1) is used in one's business; and (2) gives the employer an**

opportunity to obtain an advantage over competitors who do not possess the information. Generally, a trade secret is a process or device intended for continuous use in the operation of the business, for example, a machine or formula, but can be a price list or catalogue or specialized customer list. It is indubitable that trade secrets constitute proprietary rights. The inventor, discoverer, or possessor of a trade secret or similar innovation has rights therein which may be treated as property, and ordinarily an injunction will be granted to prevent the disclosure of the trade secret by one who obtained the information "in confidence" or through a "confidential relationship." American jurisprudence has utilized the following factors to determine if information is a trade secret, to wit:

- (1) the extent to which the information is known outside of the employer's business;
- (2) the extent to which the information is known by employees and others involved in the business;
- (3) the extent of measures taken by the employer to guard the secrecy of the information;
- (4) the value of the information to the employer and to competitors;
- (5) the amount of effort or money expended by the company in developing the information; and
- (6) the extent to which the information could be easily or readily obtained through an independent source."² (Emphasis supplied.)

20. In the *Air Philippines* case, the Supreme Court emphasized the status of trade secrets as protected information, shielded from disclosure except for the most pressing of reasons. The Supreme Court stated unequivocally that trade secrets are of a privileged nature, as is evident from the protection that is afforded them in our laws, including the Revised Penal Code, the Securities Regulation Code, the National Internal Revenue Code of 1997, and the Toxic Substances and Hazardous and Nuclear Wastes Control Act of 1990. The Supreme Court went on to state:

“Clearly, in accordance with our statutory laws, this Court has declared that intellectual and industrial property rights cases are not simple property cases. Without limiting such industrial property rights to trademarks and trade names, this Court has ruled that all agreements concerning intellectual property

² G.R. No. 172835, 13 December 2007.

are intimately connected with economic development. The protection of industrial property encourages investments in new ideas and inventions and stimulates creative efforts for the satisfaction of human needs. It speeds up transfer of technology and industrialization, and thereby bring about social and economic progress. Verily, the protection of industrial secrets is inextricably linked to the advancement of our economy and fosters healthy competition in trade.

Jurisprudence has consistently acknowledged the private character of trade secrets. There is a privilege not to disclose one's trade secrets. Foremost, this Court has declared that trade secrets and banking transactions are among the recognized restrictions to the right of the people to information as embodied in the Constitution. We said that the drafters of the Constitution also unequivocally affirmed that, aside from national security matters and intelligence information, trade or industrial secrets (pursuant to the Intellectual Property Code and other related laws) as well as banking transactions (pursuant to the Secrecy of Bank Deposits Act), are also exempted from compulsory disclosure.” (Emphasis supplied.)

21. Information which falls within the definition of a trade secret as defined by jurisprudence is clearly information which merits the confidential treatment provided for under Rule 4 of the ERC Rules of Practice and Procedure. **UPSI respectfully submits that the technical and commercial information contained in the documents qualify as trade secrets, as it reflects commercially sensitive information of UPSI. Annexes “H,” “H-1,” “L,” “N,” “R,” and “R-1” of this Application should therefore be entitled to the protection of confidential information provided under Rule 4 of the ERC Rules of Practice and Procedure.**
22. In view of all the foregoing, Applicant respectfully submits the instant Application for the Honorable Commission’s urgent and utmost consideration.

PRAYER

WHEREFORE, premises considered, Applicant **UNIVERSAL POWER SOLUTIONS, INC.** respectfully prays that the Honorable Commission:

1. Issue an Order granting provisional authority for the implementation of the development, ownership and operation of the Dedicated Facility Project by UPSI to connect the Limay BESS to the Luzon Grid;

2. Issue an Order treating Annexes “H,” “H-1,” “L,” “N,” “P,” and “P-1” and the information contained therein as confidential information within the purview of Rule 4 of the ERC Rules of Practice and Procedure and prescribing the guidelines for the protection thereof; and
3. After hearing on the merits, a Decision be rendered approving the instant Application.

Other just and equitable reliefs are likewise prayed for.

Finding the said *Application* to be sufficient in form with the required fees having been paid, the Commission hereby sets the same for determination of compliance with the jurisdictional requirements, expository presentation, Pre-trial Conference, and presentation of evidence on **23 October 2020 (Friday) at nine o'clock in the morning (9:00 A.M.)**, through a virtual hearing using the **Zoom Application** as the online platform for the conduct thereof pursuant to Resolution No. 07, Series of 2020³ dated 23 July 2020.

RELATIVE THERETO, UPSI is hereby directed to:

- 1) Cause the publication of the attached *Notice of Virtual Hearing* once (1X) in a newspaper of nationwide circulation in the Philippines at its own expense, with the date of publication to be made not later than ten (10) days before the date of the scheduled initial hearing;
- 2) Furnish with copies of this *Order* and the attached *Notice of Virtual Hearing* the Offices of the Provincial Governor, the Municipal Mayors, and the Local Government Unit (LGU) legislative bodies within the affected area for the appropriate posting thereof on their respective bulletin boards;
- 3) Inform the consumers within the affected area of the filing of the *Application*, its reasons therefor, and of the scheduled hearings thereon, by any other means available and appropriate;

³ A Resolution for the Transitory Implementation of Legal e-Processes Pending the Adoption of the Interim Guidelines Governing Electronic Application, Filings, and Virtual Hearings Before the Energy Regulatory Commission;

- 4) Furnish with copies of this *Order* and the attached *Notice of Virtual Hearing*, the Office of the Solicitor General (OSG), the Commission on Audit (COA), and the Committees on Energy of both Houses of Congress. They are hereby requested, if they so desire to send their duly authorized representatives at the scheduled hearings; and
- 5) Furnish with copies of the *Application* and its attachments all those making requests therefor, subject to reimbursement of reasonable photocopying costs.

Within five (5) calendar days prior to the date of the virtual hearing, UPSI must submit to the Commission via electronic mail (e-mail) at records@erc.gov.ph and records.erc.gov.ph@gmail.com, copy furnish the Legal Service through legal.erc.gov.ph@gmail.com, the scanned copies of their written compliance with the aforementioned jurisdictional requirements attaching therewith, methodically arranged and duly marked the following:

- 1) The evidence of publication of the attached *Notice of Virtual Hearing* consisting of affidavit of the Editor or Business Manager of the newspaper where the said *Notice of Virtual Hearing* were published, and the complete issues of the said newspaper;
- 2) The evidence of actual posting of this *Order* and the attached *Notice of Virtual Hearing* consisting of certifications issued to that effect, signed by the aforementioned Governor, Mayors, and LGU legislative bodies or their duly authorized representatives, bearing the seals of their offices;
- 3) The evidence of other means employed by UPSI to inform the consumers affected of the filing of the *Application*, its reasons therefor, and of the scheduled hearings thereon;
- 4) The evidence of receipt of copies of this *Order* and the attached *Notice of Virtual Hearing* by the OSG, COA, and the Committees on Energy of both Houses of Congress;
- 5) The evidence of receipt of copies of the *Application* and its attachments by all those making requests therefor, if any; and

- 6) Such other proofs of compliance with the requirements of the Commission.

Moreover, UPSI is hereby required to post on its bulletin boards, the scanned copies of the foregoing jurisdictional requirements, together with the newspaper publication and certifications issued by the concerned Office of the Mayors, or Provincial Governor and Local Legislative Bodies, and to submit proof of its posting thereof.

UPSI and all interested parties are also required to submit via e-mail at records@erc.gov.ph and records.erc.gov.ph@gmail.com, copy furnish the Legal Service through legal.erc.gov.ph@gmail.com, at least five (5) calendar days before the date of the scheduled virtual hearing and Pre-trial Conference, their respective Pre-Trial Briefs containing, among others:

- 1) A summary of admitted facts and proposed stipulation of facts;
- 2) The issues to be tried or resolved;
- 3) The documents or exhibits to be presented, stating the purposes and proposed markings therefor, which should also be attached to the Pre-trial Brief; and
- 4) The number and names of the witnesses, with their written testimonies in a Judicial Affidavit form attached to the Pre-trial Brief.

UPSI must ensure that all the documents or exhibits proposed to be presented have already been duly submitted to the Commission at least five (5) calendar days before the date of the scheduled initial virtual hearing and Pre-trial Conference pursuant to the preceding paragraph.

Failure of UPSI to comply with the above requirements within the prescribed period shall be a ground for cancellation of the scheduled hearing, and the resetting of which shall be six (6) months from the said date of cancellation.

UPSI must also be prepared to make an expository presentation of the instant *Application*, aided by whatever communication medium that it may deem appropriate for the purpose, in order to put in plain words and explain, for the benefit of the consumers and other

concerned parties, the nature of the *Application* with relevant information and pertinent details substantiating the reasons and justifications being cited in support thereof.

UPSI is hereby directed to file a copy of their Expository Presentation via e-mail at records@erc.gov.ph and records.erc.gov.ph@gmail.com, copy furnish the Legal Service through legal.erc.gov.ph@gmail.com, at least five (5) calendar days prior to the scheduled virtual hearing. UPSI shall also be required, upon the request of any stakeholder, to provide an advance copy of its expository presentation, at least five (5) calendar days prior to the scheduled virtual hearing.

Any interested stakeholder may submit its comments and/or clarifications at least one (1) calendar day prior to the scheduled virtual hearing, via e-mail at records@erc.gov.ph and records.erc.gov.ph@gmail.com, copy furnish the Legal Service through legal.erc.gov.ph@gmail.com. The Commission shall give priority to the stakeholders who have duly submitted their respective comments and/or clarifications, to discuss the same and propound questions during the course of the expository presentation.

UPSI is hereby directed to submit, either through personal service, registered or ordinary mail/private courier, one (1) set of the original or certified true hard/printed copy/ies of their Jurisdictional Compliance, Expository Presentation, Pre-trial Brief, and Judicial Affidavit/s of witness/es, within five (5) working days from the date that the same were electronically submitted, as reflected in the acknowledgment receipt e-mail sent by the Commission. Similarly, all interested parties who filed their Petition for Intervention or Opposition are required to submit the hard/printed copy thereof within the same period through any of the available modes of service.

(This space was intentionally left blank)

Finally, Applicant, including their authorized representative/s and witness/es, are hereby directed to provide the Commission, thru legal.virtualhearings.erc.gov.ph@gmail.com, with their respective e-mail addresses upon receipt of this *Order*. The Commission will send the access link/s to the aforementioned hearing platform within five (5) working days prior to the scheduled hearing.

SO ORDERED.

Pasig City, 19 August 2020.
