**Promulgated:**  
June 29, 2021

**NOTICE OF VIRTUAL HEARING**

**TO ALL INTERESTED PARTIES:**

Notice is hereby given that on 2 June 2021, Green Core Geothermal Inc. (GCGI) filed an *Application* dated 12 May 2021 (Application), seeking the Commission's approval of its Business Separation and Unbundling Plan (BSUP) and Accounting and Cost Allocation Manual (ACAM).

The pertinent allegations of the *Application* are hereunder quoted as follows:

1. Applicant is a corporation duly organized and existing under the laws of the Republic of the Philippines, with office address at One Corporate Centre, Julia Vargas Avenue corner Meralco Avenue, Ortigas Center, Pasig City 1605, where it may be served with summons and other legal processes.
2. GCGI is a wholly-owned subsidiary of EDC Geothermal Corporation ("EGC"), which is in turn wholly-owned by Energy Development Corporation ("EDC"). GCGI is in the business of

power generation, owning and operating the 123-MW Tongonan Geothermal Power Plant located in the Municipality of Kananga, Province of Leyte; and the 112.5-MW Palinpinon-1 Geothermal Power Plant and the 80-MW Palinpinon-2 Geothermal Power Plants located in the Municipality of Valencia, Province of Negros Oriental.

3. On 8 June 2020, the Honorable Commission issued to GCGI a Retail Electricity Supplier ("RES") License, with RES License No. 06-2020-0068RS authorizing the corporation to engage in the retail electricity supply business.
4. Section 36 of Republic Act No. 9136, otherwise known as the Electric Power Industry Reform Act of 2001 (the "EPIRA", for brevity), and Rule 10 of the Implementing Rules and Regulations ("IRR") of the EPIRA, require Electric Power Industry Participants to structurally and functionally unbundle their business activities.
5. Accordingly, Rule 10, Section 3(b) of the IRR requires the submission of a Business Separation and Unbundling Plan ("BSUP") for approval by the Honorable Commission. Accordingly, the Honorable Commission issued Energy Regulatory Commission ("ERC") Resolution No. 49, Series of 2006 which promulgated the guidelines for business separation and structural and functional unbundling of the business activities of Electric Power Industry Participants, otherwise known as the ERC Business Separation Guidelines ("BSG"), as amended.
6. In compliance with the aforesaid provisions of the EPIRA and the IRR, as well as the ERC Business Separation Guidelines, as amended, Applicant proposes to adopt, and hereby applies for approval, of its BSUP, which is attached hereto as Annex "A", and its Accounting and Cost Allocation Manual ("ACAM"), which is attached hereto as Annex "B".
7. GCGI's proposed BSUP is composed of the following sections:
  - I. Introduction
  - II. Details of Current Structure
  - III. Details of Business Segments
  - IV. Description of Separation
  - V. Milestones and Highlights
  - VI. Programs for Code of Conduct
  - VII. Other Information

### **Salient Features of the BSUP**

#### **Current Structure**

GCGI is a wholly-owned subsidiary of EGC which, in turn, is wholly-owned by EDC. The Company is registered with the Securities and Exchange Commission ("SEC") since 22 June 2009 with Company Registration No. CS200909441. Its

principal office is located at One Corporate Centre, Ortigas Center, Pasig City.

The Company is mainly in the business of generating electric power from geothermal energy resources. It is now also venturing into retail electricity supply after obtaining a RES License from the ERC on 8 June 2020.

Business Segments

**Generation Business Segment**

GCGI operates the 192.5-MW Palinpinon I and II and the 123-MW Tongonan Geothermal Power Plants on the strength of 25-year Geothermal Operating Contracts (“GOCs”) with the Department of Energy (“DOE”) and Provisional Authorities to Operate (“PAO”) from the ERC.

<b>Plant</b>	<b>Capacity</b>	<b>Location</b>	<b>DOE GOC No.</b>	<b>ERC PAO*</b>
Palinpinon I & Okoy-5 Geothermal Power Plants	132.5 MW	Brgys. Puhagan and Malaunay, Valencia, Negros Oriental	2012-04-037 Issued on 8 May 2012	Issued on 4 November 2020
Palinpinon II (Sogongon 1 & 2) Geothermal Power Plants	40.0 MW			
Tongonan Geothermal Power Plant (TGPP)	123.0 MW	Brgy. Lim-ao, Kananga, Leyte	2012-04038 Issued on 8 May 2012	Issued on 23 July 2020

*\* On 23 July 2020 and 4 November 2020, the ERC granted PAOs in favor of these generating facilities; Certificates of Compliance (“COCs”) will be issued pending GCGI’s submission of documents specified in the terms and conditions of the PAOs.*

**Supply Services Business Segment**

With the advent of the Retail Competition and Open Access (“RCOA”) which aims to empower customers in choosing their source of electricity, GCGI is participating in the retail electricity supply business to directly provide clean and renewable energy and offer innovative solutions beyond traditional power supply contracts to contestable customers. The Company secured its RES License (License No. 06-2020-0068RS) from the ERC on 8 June 2020.

Description of Separation

As of the filing of this application, GCGI remains a single entity and shall be unbundled mainly through the separation of power plant operations and retail electricity services business segments. Separation shall be undertaken through evaluation of functions, job descriptions, qualifications, workloads, and usage in the case of fixed assets. Operating units shall be allocated to the

---

appropriate business segment. However, for units with unattributable costs, allocation factors shall be utilized as prescribed in the ACAM.

Milestone and Highlights

GCGI shall prioritize the following activities within one (1) year from the approval of the BSUP:

<b>Activity</b>	<b>Time Frame</b>	<b>Highlights/Target Output</b>
Finalize RES business organization	6-12 months	Management approval of: <ul style="list-style-type: none"> <li>• Table of Organization</li> <li>• Staffing</li> </ul>

Develop and execute Power Procurement and Marketing Plans	2-3 months	<ul style="list-style-type: none"> <li>• Retail Supply Contracts</li> <li>• Bilateral Contracts (for power to be sourced from non-affiliate GenCos)</li> </ul>

Programs for Code of Conduct

It is a business principle of GCGI to conduct its activities with the highest standard of ethical conduct and in compliance with all applicable laws and regulations, notably the Code of Conduct for Competitive Retail Market Participants and Competition Rules and Complaint Procedure as promulgated by the ERC.

The Company is cognizant of the objectives of the Code, particularly in: 1) protecting consumers and promoting consumer confidence in retail electricity through the establishment of standards of behavior for marketing electricity; and 2) promoting honesty, fairness, and transparency in the disclosure of information to customers. Toward these ends, GCGI shall undertake these initiatives within one (1) year from the approval of the Plan:

- a) Promulgate a Corporate Compliance Policy;
  - b) Develop internal guidelines and procedures to operationalize the provisions of Article II (Responsibilities and Conduct of Competitive Retail Market Participants) of the Code; and
  - c) Orient and capacitate GCGI officers and staff on the Corporate Compliance Policy and on the ensuing internal guidelines and processes.
8. GCGI’s proposed ACAM compiles the guidelines, policies, and procedures of GCGI with the intent of ensuring uniformity and consistency in the implementation and/or preparation of such guidelines, policies and procedures for Accounting Separation Statements in accordance with the BSG.
9. The Manual includes the following:
- a) Allocation methodologies used to allocate expenses to and between Business Segments; and
  - b) Allocation methodologies used to allocate assets, liabilities and capital to and between Business Segments.
10. In support of the instant application, Applicant most respectfully submits to the Honorable Commission, the following documents:
